

Green border =
area covered by this
website

For this project, I have defined **Northern Virginia** as Fairfax County, Arlington County, Prince William County, and Loudoun County east of route 15. The area also includes cities and jurisdictions within the above counties, such as the City of Alexandria, Falls Church, etc.

See [Map Overview](#) (thank you Matt Handy!) for larger area. **Watershed** and **Park** layers are under development – stay tuned!

See [Best Parks and Places](#) for **detailed** list and weblinks of parks.

See [Northern VA – What and Why](#) for an **explanation** of the area.
